

International Conference on Applications of Mathematics to Nonlinear Sciences

(AMNS-2016)

May 26-29, 2016
Kathmandu, Nepal

<http://anmaweb.org/AMNS-2016>

Principal Speakers

Dongho Chae (Korea)
Panos M. Pardalos (USA)
Gerhard Pfister (Germany)
Ratnasingham Shivaji (USA)
Lindi M. Wahl (Canada)
Jiahong Wu (USA)

Focus Areas

- Differential Equations and Nonlinear Analysis
- Probability, Statistics, and Big Data
- Mathematical Biology
- Algebra, Topology and Mathematical Education
- Numerical Analysis, Scientific Computation and Optimization

Mathematical Biology Workshop on May 26

Travel supports are available for students and junior faculty from Nepal and neighboring developing countries. The conference participants seeking travel support must participate in the workshop. Please contact the workshop organizer Naveen Vaidya at vaidyan@umkc.edu with questions about the support.

Conference venue-
National Academy of Tourism and
Hotel Management

Conference Hotel
Grand Hotel

Organizers

- ◆ Dhruba Adhikari, dadhikar@mail.usf.edu
Association of Nepalese Mathematicians in America (ANMA)

- ◆ Tanka Nath Dhamala, amb.dhamala@daadindia.org
Nepal Mathematical Society (NMS)

- ◆ Kedar Nath Uprety, uprety_kn@cdmathtu.edu.np
Central Department of Mathematics, Tribhuvan University

- ◆ Dil Bahadur Gurung, db_gurung@ku.edu
Department of Natural Sciences, Kathmandu University

Society for
Mathematical
Biology

Deutscher Akademischer Austauschdienst
German Academic Exchange Service
